Ms. Mitzi Garcia

From: Bruce Scharbach – Chandler-Gilbert Community College

Modular Solutions,

Chandler-Gilbert Community College is grateful for the excellent performance that was recently rendered with the relocation of the modular structure here at the Pecos campus. This task had a challenging time line for accomplishment, and the college has concluded that Modular Solutions and its sub-contractors offered a high degree of competence and cooperation.

Modular Solutions has offered the college other quality service and products in the past, and the college will look forward to the possibility of additional projects in the future.

Regards,

Bruce Scharbach
Acting Director-Facilities Services
