

**Modular  
Solutions, Ltd.**

The Complete Modular Building Company

### **Expand your Business with a Modular Building**

If you need to expand your business quickly and are on a budget Modular Solutions, Ltd can help with accelerated construction on a modular building.

Modular Solutions, Ltd is a leader in the industry since 1996 and is a complete modular building company with the ability to assist you with a new modular building or used modular stock unit from our inventory. A used prefabricated mobile office is a less expensive option and can be modified to meet your business expansion needs.

The staff at Modular Solutions, Ltd has the experience to assist in your expansion from initial concept design build to delivery and provides the best customer service in the modular design industry after procurement of your modular building.

Modular Solutions, Ltd can help save time and money on your expansion with modular buildings or mobile offices that are ready to ship 45 to 60 days from acceptance. Another bonus is that Modular Solutions offers the both lease and purchase options for your new modular addition.

Modular Solutions, Ltd has options available to help finance your modular building. Contact our experienced staff for a free no obligation consultation.
