### **Modular Solutions and Safety**

Modular Solutions, Ltd has a proven track record of safety, and we have the ratings to prove it. We take pride in the extra steps we take when building modular buildings to ensure the safety of every employee, and in turn for the purchaser of the prefabricated modular office or modular building. During weekly safety meetings, current industry trends regarding injuries are discussed and we take measures to ensure that our employees do not become a part of the rising statistics regarding injuries. Our EMR rating has been below one for the past three years, and Modular Solutions, Ltd has not lost any working hours.
